Features and Benefits

Light weight	Constructed from ultra light weight polycarbonate, these specs are designed for comfort during extended periods of wear
Medium Impact and lens	Durable polycarbonate lenses are robust, strong & suitable for indoor (clear) and outdoor use. Anti-scratch lens coating improves longevity of lens in dust environments
99.9% UV Protection	Approved to AS/NZS 1337 ensures consistent quality and performance
Availability	9900 Series are available in Clear, Smoke or Blue-Mirror finish

Care and Maintenance

- If the lens becomes scratched or pitted it should be replaced.
- Avoid exposure or contact of the lens with vapour or liquids which may cause surface crazing and reduce the impact resistance.
- Inspect and clean the spectacles regularly and replace if broken or damaged.
- Thoroughly clean all surfaces with lens cleaner.
- Do not clean spectacle with solvents. Air dry or pat dry with clean, soft cloth or tissue.

Industry Applications

There are many industries where 9900 Series Specs would be a welcome asset:

- Mining
- Engineering
- Manufacturing
- Wood Working
- Construction
- Fabrication
- Automotive
- Cleaning and Industrial
