

Hands Free Sunscreen

Making life easier in the workplace.

▶ ProBloc Hands Free Sunscreen

SAFE AS.

If you wear gloves or work in a dirty environment and need to apply sunscreen it can be messy. Not any more. The ProBloc hands free applicator tube means keeping your hands or gloves clean.

Simply squeeze the required amount of sunscreen into the sponge applicator and wipe onto the exposed skin area. ProBloc SPF30+ provides up to three hours, water resistant protection from the harmful rays of the sun.

This is another result of ProChoice listening to the requirements of the end user – now that's smart – sun smart.

ProBloc Sunscreen with Hands Free Applicator

Technical Specifications

Specifications

SPF 30+
3 hour water resistant
Broad Spectrum

Materials
